Mr. C. C. Wang  
Taiwan Public Works Bureau  
4 Kai-Feng St., Section 1  
Taipei, Taiwan  
Republic of China  
Dear C. C.:

On my return from South America I am acknowledging your letters of June 19 and July 18.

In addition, I have received both the Chinese report and the one in English, which covers the 10-year period.

I have now read the English document in some detail and I want to congratulate you on the progress which is being made, although I, too, am disappointed that the advances in administration and in finance do not proceed as rapidly as all of us would like. I am still hopeful that local groups would support more of the total costs of the water systems than is provided in the 5-year plans. I realize that this will take a great deal of education, but it should not be relaxed. This local support represents one of the main long range strengths of Taiwan.

I am very distressed to learn of the death of Mr. K. Y. Yin. (尹仲容) I remember him very well and I am sorry that you have lost one of your most useful citizens and supporters.

It is extremely gratifying to learn about the doings of your personal family. Please give the love of Mrs. Wolmgn and me to them. We hope that they are in excellent health and that some day we shall have a grand reunion with them.

Please extent my best wishes to your official staff and all of my good friends in your public operations.

With kindest personal regards and renewed thanks, I am

Very truly yours,

Abel Wolman
