Snapshots

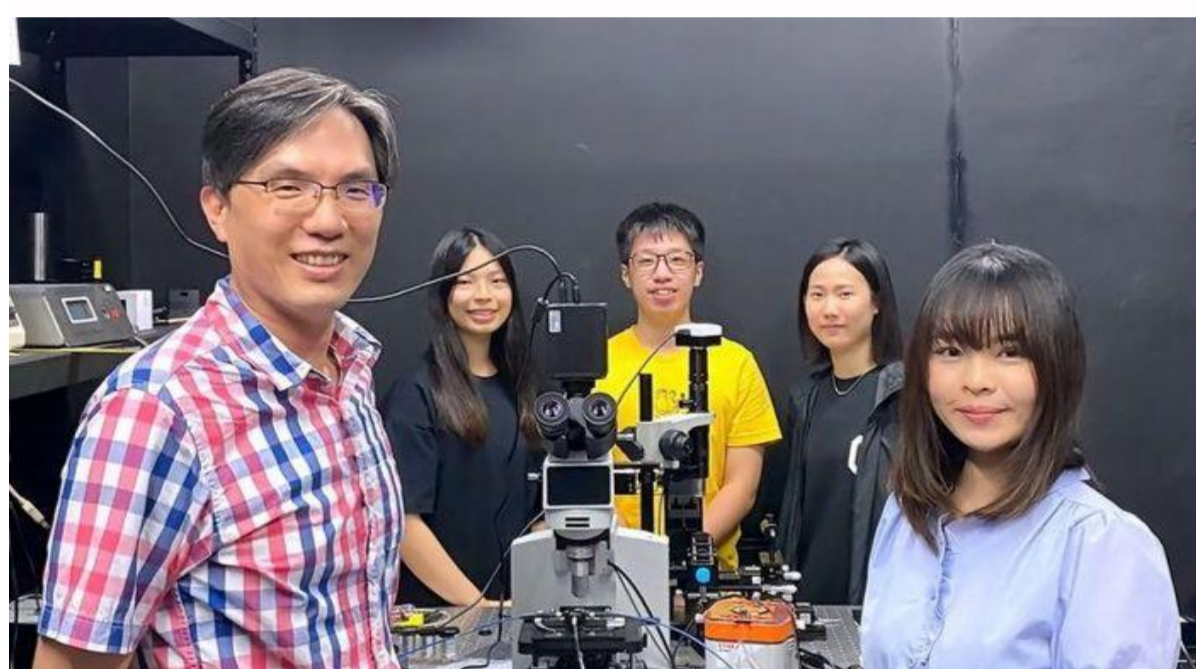

"Hello, there! I am Sirapop Nuannimnoi, also known as Film. I joined NYCU in 2018 as a Master's student and recently got directly admitted into a Ph.D. program in EECS International Graduate Program. I've been living here for more than 3 years, so several things happened to me: both good and bad stories. Being a student of NYCU is one of the most memorable parts of my lifetime. I got to work with people from several countries and started our own startup companies with some of them. I have also joined NYCU International Student Associations, became the President of the organization, and enjoyed all activities we hosted with the Office of International Affairs. It's been the past 3 enjoyable fun years in Taiwan!!!"
