【第十一屆陽明 - 海德堡雙邊研討會】

- 日期：9月19日 (四)
- 時間：12:10-14:00
- 地點：活動中心 第一會議室
- 報名網址：<http://conference.ym.edu.tw/actnews/signup.php?Sn=111>
- 備註：
 1. 中午備有餐盒。
 2. 聯絡資訊：(02) 28275657，wongmrk@ym.edu.tw，翁瑋璟小姐。
 3. 議程下載 

11th Bilateral Symposium

19th of September, 2019

National Yang-Ming University, Taipei, Taiwan
Activity Center, Meeting Room 1
國立陽明大學 活動中心 第一會議室

Topics Vertical Medicine – from the Clinics to Molecular Structures

Agenda

09:45 – 10:05 Welcome and Opening Remarks President Dr. Shieh, N.Y.M.U. Deputy President Dr. Tseng, N.Y.M.U.	12:00 – 12:15 Shih-Pin Chen, NYMU Discovery of novel small molecule inhibitors of Sirtuin6
10:05 – 10:15 Chien-Mien Chen, Chen, School of Medicine, NYMU Yang-Ming School of Medicine, Past, Present, and Future	12:15 – 12:30 Wolfgang Grottel, UMB-HD Identification of the cancer receptor TSP1 upon epidermal keratinization leads to activation of Wnt/PCP and Notch pathways – a novel role for the p38 pathway
10:15 – 10:30 Frank Giordano, UMB-HD Integrative and systems approaches to understand metabolic brain disease in brain	12:30 – 12:45 Lunch Break
10:30 – 10:45 Yu-Jiang Lee, BMS-NYMU Role of cAMP in DNA damage repair and its implications in neurodegeneration and cell death	12:45 – 12:55 Wolfgang Grottel, UMB-HD A novel Nucleoside Receptor Inhibitor
10:45 – 11:00 Chia-Peng Lu, BMS-NYMU Machine Learning Based Molecular Docking Classifications by ML Algorithms in Genomics	13:00 – 13:15 Yung-Lin Chen, NYMU Alzheimer's Disease and Amyloid Precursor Protein in Alzheimer's Disease
11:00 – 11:15 Carsten Hübner, UMB-HD Pharmacokinetics in Alzheimer's Disease – Biological aspects	13:15 – 13:30 Wen-Chuan Kuo, NYMU Identification of novel JAK-STAT signaling pathway in Alzheimer's Disease
11:15 – 11:30 Coffee Break	13:30 – 13:45 Wolfgang Grottel, NYMU Structure-Activity Relationship
11:30 – 11:45 Ralf-Gerd Treutle, UMB-HD Genetic and molecular mechanisms in the metabolic system	13:45 – 14:00 Closing Remarks Dr. Wolfgang Grottel, Director, Institute of Biotechnology Dr. Frank Giordano, Deputy Director, Institute of Biotechnology University Medical Center Hamburg, UMB-HD
11:45 – 12:00 Cheng-Chang Lin, NYMU An Angiotensin II Receptor Antagonist Modulates Brain Sensory and Motor Functions: Implications for Alzheimer's Disease	14:00 – 14:15 Group Discussion: Double Degree Program
