

[Activity with HCHS] May 16, 2024 🌐 🇹🇼

Cooperating with HCHS, a local boys' high school, we led international students to meet the high school students and have fun at the seaside in Hsinchu !!

We traveled to Haishan Fishing Harbor for an intertidal zone tour, learning about the wetland in the Xiangshan area and some Taiwanese species. 🦀 🐚

We explored the Nanliao Boat and Ice Factory to learn more about the local industry and traditional culture. 🐟 🚢

Finally, we visited Gangnan Canal Scenic Area by riding electric pedal bikes, enjoying the coastline and landscapes. 🚲 🌅

We had a great time and can't wait to collaborate again in the future! 😎
