🌟 "NYCU Inbound Internship Program" Orientation 🌟

This summer, students from MIT & Purdue 🇺🇸 are spending around two months interning at companies or doing short-term research at NYCU labs with our professors.

We hosted an orientation to welcome the students and took them to Beipu, Hsinchu County. 🏠

We visited Chiang-A Hsin Mansion, strolled through the old street, and made traditional pounded tea called "lei cha". It was so much fun, and we all enjoyed the taste! 🍵
