[Summer Program]

🎉 We had the pleasure of welcoming Japanese university students from Chiba University, Kanazawa University, Kwansei Gakuin University, The University of Osaka, and University of Tokyo to Taiwan for our Summer Program 🇯🇵👩🎓!

On 08/13, they dove into an inspiring adventure at the TSMC Innovation Museum 🏢, exploring the amazing world of chip design 🖨️🧑🔬 and seeing how Taiwan's world-class semiconductor industry sparks innovation 💡🌟.

Next stop: the Taiwan Space Agency (TASA) 🚀! Students got an up-close look at instruments for simulated satellite operations 🛰️🔧, experiencing firsthand the cutting-edge work driving Taiwan's space exploration 🌌🇹🇼.

👥❤️ Huge thanks to everyone who joined and made this experience unforgettable!
