[Company Visit] November 6th, 2025

Our international students had an amazing opportunity to visit STMicroelectronics! They got to listen to engineers share their career journeys, ask questions, and hear firsthand what it's like to work in the semiconductor industry.

The visit was truly inspiring — students learned about the skills and mindset needed for a tech career and gained insights that will help shape their future paths. It was a valuable experience that sparked curiosity and excitement about what's ahead in their professional journeys. 🤖💡
