寧靜的環境讓人有家的感覺，但在中心的幾個大字又讓人想起身在何方。

珍惜與家人相處的機會，不論遇到什麼也不要讓他們孤單地離去。

Life Museum

The Spirit of these who have died here
teach us how to think
about our life today and in the future
We understand that life is all around
us
But sometime we forget that we are c
onected to all of life.
Death is a part of life and we forget t
o accept this is truth
Death leads to the birth of new life.
We invite all of you
Who come to this place
To be silent
As you experience what you see here
This museum has many bodies
That shows how death affects all of u
s,
Leading us to the truth
That in life we must do good for other
s.

Why Were You Born
Hey, tell me, Why ever we born here ?
If you still wonder, you won't believe whatever I say !
Just give me a hint, so I can test the waters ?
Basically, we are born just to be people !
Come on! Is that really all there is to it ?
If we fully live up to the name, eminently fruitful !
What sort of born is call "inhuman" ?
The birth that wastes the life we've been born into !
How is one born so that this life isn't wasted ?
To not transgress the duty of being human in any way !
How is one born fully human up to the mark ?
Fully committed to doing the duty of people's Dhamma

ผีล่อน ไปทำไม ให้อึดบาก ? เพราะผียาก ให้อึดชั่ว ทุกดี
มันต้องดี จนให้ผี สาธุการ ? ทำชิ่งจัน ผีไม่ลื้อ หัววอเลย !

Do Good & the Spirits Won't Play Tricks
Hey, tell me, how dose one do good ?
Do good by not letting the spirits laugh at you !
What about there spirits, what are they anyhow ?
They have neither good nor evil, but they have eyes !
How can spirits tell good and evil apart ?
Just be a little inhuman, they'll think you're crazy !
Don't tease, what do laughing spirits have to do with it ?
People are going to be sorry for a long time !
Why do spirits bother to trick us anyway ?
Because they want all you people to give up evil !
You mean we must be good till the spirits "Amen" ?
If you do, they won't trick you or laugh anymore !

ต้องหยุด"บ้า" ในอรรย; คอยผอนผัน
ตามองคัมภรค แปดประการ ประสานกัน

Life ???
What is life, after all? I think--
A most bizarre madness of nature,
With elements busily concocting body-mind,
Still enslaved to instinctual appetites & tastes.

For what, then, does life exist? I opine--
For madness's fulfillment at Saṃsara's end:
Body calmed, mind cooled, realizing Nibbāna,
The extinction of dukkha in every possible form.

And how do we manage this life? I believe--
Stop going crazy over worldly deliciousness,
Released by harmonizing the eight path factors,
Each day & every night perfect in Nature's Way.

Frightening Stuff
So what in the world is most frightening ?
Having looked everywhere, nothing at all !
If so, is there anything frightening in people ?
I'm afraid of my own stupidity-incalculable !
Don't you mean afraid of other people's stupidity ?
That's no trouble if our own doesn't push them !
What about the stupidity of criminals ?
If we aren't stupid they won't dare anything !
Not afraid of suffering birth, illness, aging, and death
They burn us because we're so foolish !
You mean if never stupid, then never suffering ?
I'm certain : afraid of my own stupidity and that's all

新竹九降風吹起陣陣柿香，一片澄黃映入眼簾，那既是辛苦的結晶，也既是甜美的滋味。
