

List of Tables

Table 5.1	The Predictive Accuracy Using See5 With the Discretization Algorithm.....	32
Table 5.2	The Tree Size Comparison of the Five Methods.....	33
Table 5.3	Information System.....	33
Table 5.4	Discernibility Matrix.....	36
Table 5.5	M (S)-Information Ssystem.....	37
Table 5.6	M (S)-Discernibility Matrix.....	37
Table 5.7	Final Version of Information System (literature data).....	38
Table 5.8	Decision Rules (by the proposed approach).....	38
Table 5.9	Decision Rules (by the Beynon approach).....	38
Table 5.10	Condition Attributes Ranges for MES Discretization.....	40
Table 5.11	Final Version of the Information System (liver data).....	40
Table 5.12	Results of Rule Extraction (VPRS).....	41
Table 5.13	Final Results of Rule Extraction (VPRS).....	41
Table 5.14	Results of Rule Extraction (neural networks).....	42
Table 5.15	Comparison of The Implementation Results.....	43
Table 6.1	Condition Attributes' Ranges for Extended Chi2 Algorithm.....	46
Table 6.2	β -reducts Associated With the Information System.....	48
Table 6.3	Results of Rule Extraction (VPRS).....	49
Table 6.4	Final Results of Rule Extraction (VPRS).....	49
Table 6.5	Results of Rule Extraction (See 5 software).....	51
Table 6.6	Final Results of Rule Extraction (See 5 software).....	51
Table 6.7	A comparison of the VPRS model and decision tree.....	52
