

專利排他權之新思考：將獨立研發抗辯納入禁制令之審理

研究生：宋皇志

指導教授：劉尚志教授

國立交通大學科技管理研究所博士班

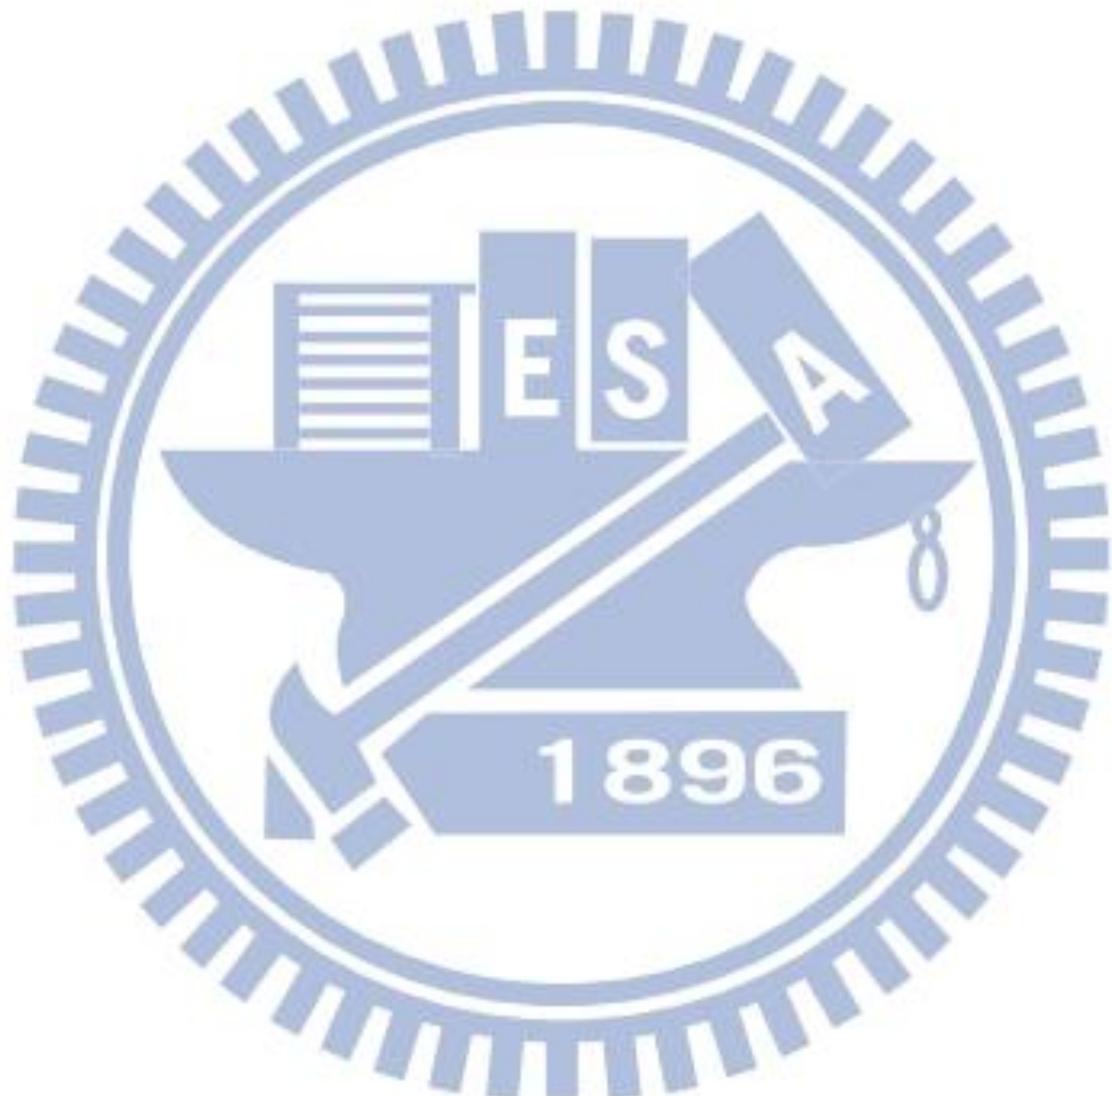

摘要

現行專利制度下，獨立研發無法做為被告在專利侵權訴訟中之抗辯事由，導致獨立研發者在專利法之評價與仿冒者並無二致。獨立研發者必須付出研發成本卻無法實施自身開發之技術，致使獨立研發者在法律/經濟整體而言比仿冒者還糟。是以當一家公司發現其在技術開發上喪失（或可能喪失）領先地位時，最佳策略是放棄研發以避免重複研發之浪費，而非加緊研發以求迎頭趕上。本論文因而認為，現行專利制度鼓勵第二名以後之公司放棄研發，與專利制度鼓勵研發以促進科技進步之本質背道而馳。

為求貫徹專利法鼓勵研發之立法目的，本文主要研究目的之一在於建構一個法律體系，使得獨立研發者在法律/經濟整體上優於仿冒者，以鼓勵企業積極從事研發，無論其是否在研發上居於領先地位。本文由歷史面向、憲法面向、實證面向、及經濟面向之研究，指出在專利侵權糾紛中接受獨立研發抗辯是合理且可行的，且可達到讓獨立研發者在法律/經濟整體上優於仿冒者之研究目的。為期在保護專利排他權及鼓勵研發間取得平衡，本文更建議法院在審理暫時禁制令及永久禁制令時，將被告之獨立研發抗辯納入考量。本文指出，若被告可證明其所製造販賣之被控侵權品確實是自己獨立研發而得，法院在個案審酌暫時禁制令

及永久禁制令之四個衡平因素時，都有不核發禁制令之考量空間。

關鍵字：專利排他權、獨立研發抗辯、暫時禁制令、永久禁制令

Rethinking of Patent's Right to Exclude: Implementation of Independent Invention Defense to the Adjudications of Injunctive Remedies

ABSTRACT

As the independent invention is unacceptable under the current patent system, an independent developer is poorer than a free rider. Whenever a company finds that it has lost (or is likely to lose) the lead in technology development, the best policy for the company is to give up research activities to avoid wasteful duplication, rather than to catch up. This dissertation finds that it is absurd to establish a patent system to encourage a second-lead company to give up its research activities.

One of the primary purposes of this dissertation is to suggest a system in which an independent developer will have a better position than a free rider, in order to encourage enterprises to continue to research and develop despite whether they take the lead in technology development. From different perspectives, including historical, constitutional, empirical, and economic, this dissertation finds that the independent invention defense is reasonable and worth being considered in patent-related disputes. To create the aforementioned system and to harmonize the measures of protecting patent rights with the purpose of promoting the progress of useful art, this dissertation suggests considering the independent invention defense in evaluating the four factors of preliminary injunction and permanent injunction proceedings as a mechanism to balance a patentee's right to exclude and the public's productive uses of science and technology.

Keywords: Patent's Right to Exclude, independent invention defense, preliminary injunction, permanent injunction

誌 謝

回首科法所的求學生涯，心中滿是暖暖的回憶，恰似外頭難得暖暖的冬陽。猶記八年前之入學考試，當時博士班一年僅錄取一位學生，我是當年九位考生中唯一非法律科班出身的考生，心中根本不敢抱持任何希望。口試時，有位老師邊翻我在清華科法所的碩士成績單，一邊問我（大意）：「你的基礎法學成績是都很高啦，但不知是否程度真有這麼好，你的競爭對方都至少唸過七年法律，你只唸過三年，你如何證明你基礎法學唸得比他們好？」想來老師是對我基礎法學的程度不放心吧，我坦白答曰：「我基礎法學當然唸得沒有其他競爭對手好，但就因為我深知如此，我每天都會唸書不斷加強」。老師再問：「你要如何說服我？」我鼓起勇氣回答：「我若有幸能獲錄取，我跟老師承諾，我會在博士班畢業前通過律師高考」。老師聽了不置可否，我心想完了，一定考不上。沒想到三天後所辦通知我考上了！我知道，我必須為這個諾言付出代價。儘管這位老師早已轉往他校任教，我也不相信在場幾位老師還有人會記得這個諾言，但是諾言就是諾言，我既然說出口就要做到。徵得指導教授之體諒，我從 2006 年投入律師國考，在忙碌工作之餘還分神準備考試，終於在 2008 年通過考試。在此謹藉由這個機會，跟當年入學口試老師們報告，我的諾言，我做到了。

猶記得放榜是 2008 年 11 月 11 日上午 10 點，我在第一時間由網路查榜得知上榜後，立即撥電話跟內人報喜。正當電話還在講時，手機嘟了一聲，我知道有簡訊進來了，我猜想是賀喜的電話。但我心中納悶著，除了考生自己之外，應該不會有人在上午 10 點準時去查榜啊，可是在同年考生中，我又一時想不起有誰跟我有那麼「麻吉」。掛上電話後打開簡訊一看，我驚嚇得連話都說不出來，賀喜簡訊來自我的指導教授劉尚志老師，當時是 10 點 12 分。這件事，我一輩子銘感於心，怎會有老師關心學生，能關心到這種程度！在學習方面，感謝劉老師極為宏觀且具開創性的諄諄教誨，特別是老師強調的實證研究方法，讓我的研究方法有極大之突破；在論文寫作方面，感謝老師百忙之中多次撥出寶貴的時間與我討論，鼓勵我、支持我，在瓶頸關鍵處給我燈塔般的指引，讓我的論文更完整，更有說服力；在為人處事方面，感謝老師的言教及身教，讓我懂得什麼叫認真與奉獻。特別要感謝老師的提攜，讓我在許多課程、演講、研討會的場合有參與甚至獨當一面之機會，對我的學術及實務生涯皆有突破性之助益。

我要感謝劉老師及諸位口試委員：台大法律學院蔡明誠教授、智慧財產法院熊誦梅法官、本所王敏銓教授及陳在方教授，在口試中的指導。口試委員們都是學養深厚且日理萬機的大忙人，願意撥空詳讀我用英文撰寫的論文，讓我非常感動。謝謝口試委員們在論文口試時提出極具開創性的問題與精闢之見解，讓我能更深入地思考、反省我的論文，據以補充修改原先思慮

不週之處。另外要謝謝劉尚志教授、倪貴榮教授及王敏銓教授等科法所名師在許多課程中的指導，讓我對科技法律有更深刻一層之理解與認識。

在科法所除了學術上之追尋外，最可貴的是能認識多位相互砥礪學問的好伙伴。我要特別感謝：惠如學姐，每次碰面時總是關心並督促我的論文進度，讓我不敢懈怠；三元學長，在我進科法所之後熱心地教導我「生存之道」、伴我挺過擔任二期科法評論主編及一屆全國科法研討會「爐主」之巨大壓力、聽我分享喜悅聽我訴苦、鼓勵我無論如何要咬緊牙根拼出論文；群顯同學，在我論文接近完成及準備口試階段，熱心地提供許多資料並分享經驗，讓我能順利地完成論文並通過口試。

我還要謝謝我的「麻吉」，在專利法學有專精的偉霖與素華。你們自己都很忙，但為了我的論文口試，你們願意花整個下午的時間陪我二次「論文口試預演」，接受我「疲勞轟炸」之餘還要「模擬」口試老師問我問題。你們的問題有些讓我瞠目結舌不知如何回答，然而也促使我更深入地思考並更充分地準備即將到來的論文口試。經過二次「論文口試預演」，讓我的心情較沈穩篤定，有踏進口試會場的勇氣，也因而能順利通過考試。謝謝你們。

謝謝父親與母親的養育與教育之恩，您們教我誠實做人、認真做事的身教與言教，是我此生最重要的瑰寶。最後想將這本論文獻給愛妻珀鳳，沒有你的全心支持，我不可能在法律的路途能走到今天，更不可能完成學業。若說這本博士論文算是一個小小的成就，你的貢獻佔了百分之九十五。謝謝你！

Chapter 1: Introduction	1
--------------------------------------	---

1.1 Research Motive	1
1.2 Research Objective	8
1.3 Research Methods	9

Chapter 2: Patent's Right to Exclude and the First Insight of Independent Invention Defense	13
--	----

2.1 The Nature of Patent's Right to Exclude	13
2.1.1 The Patent Right is a Right to Exclude	13
2.1.2 Injunctive Relief: Most Important Aspect of the Patent's Right to Exclude	17
2.2 A Patent Right is Much Stronger than a Copyright and a Trademark	18
2.2.1 The Independent Invention is NOT a defense in the Patent Infringement Litigation	19
2.2.2 Possession of a Patent is NOT a defense in the Patent Infringement Litigation	20
2.2.3 Empirical Study	21
2.2.4 The Influence on Industries in the Absence of the “Independent Invention Defense” and “Possession of Patent Defense”	27
2.3 Theories of Patent's Right to Exclude	32
2.3.1 The Nature Right Theory and the Fruit of Labor Theory	32
2.3.2 Invention Disclosure Theory	34
2.3.3 Invention Stimulation Theory	36
2.3.4 Investment Stimulation Theory and Prospect Theory	37
2.3.5 Conclusion	40
2.4 Debates about the Independent Invention Defense	40
2.4.1. Arguments for the Independent Invention Defense	41
2.4.2 Arguments Against the Independent Invention Defense	45
2.4.3 This Dissertation Supports the Independent Invention Defense	46

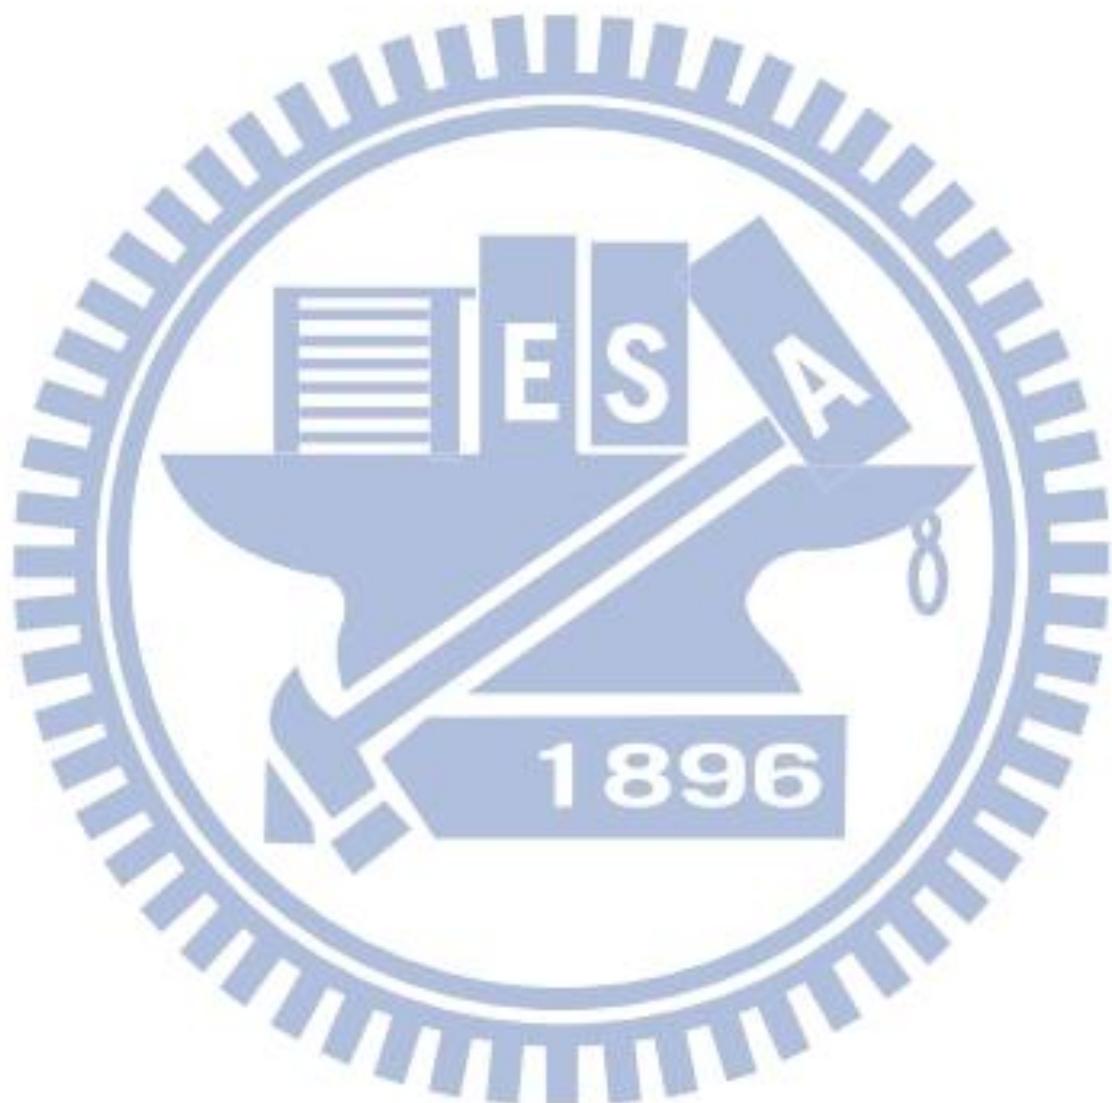

2.5 The Possible Implementations of the Independent Invention Defense.....	47
2.5.1 Not Covered by the Effect of Patent Right	47
2.5.2 Determine Whether a Defendant is Willfully Liable.....	50
2.5.3 Deny the Motion for Injunctive Reliefs.....	51
Chapter 3: Comparative and Empirical Researches of Preliminary Injunction.....	53
3.1 Nature of Preliminary Injunction	53
3.2 Patent Preliminary Injunction in the United States.....	57
3.2.1 The Four-factor Test in the United States	57
3.2.2 The Empirical Study of the Four-factor Test in the United States.....	61
3.2.3 Analysis of the Empirical Study.....	84
3.3 Patent Preliminary Injunction in China.....	86
3.3.1 Law and Regulations	86
3.3.2 Case Review of Preliminary Injunctions in China.....	94
3.4 Patent Preliminary Injunction in Taiwan.....	98
3.4.1 Legal Development of Preliminary Injunctions.....	98
3.4.2. Traditional Viewpoint of Preliminary Injunctions in Taiwan Before July, 1, 2008.....	104
3.4.3 New System of the Preliminary Injunctions in Taiwan.....	112
3.5 Compensations to the Wrongfully-enjoined Defendants.....	115
3.5.1 Issues from a Wrongful Preliminary Injunction.....	115
3.5.2 The Compensations to the Wrongfully-enjoined Defendants-- A Comparative Study.....	117
3.5.3 Wrongfully-enjoined Defendants are Commonly Under-compensated in Taiwan.....	128
3.5.4 A Milestone Case in Taiwan and Comments.....	132
3.5.5 Conclusion.....	138
3.6 Rethinking the Preliminary Injunction Standards.....	140
3.6.1 Lessons from China and Taiwan.....	140
3.6.2 The Preliminary Injunction should be a Drastic and Extraordinary remedy.....	145
3.6.3 The Defendant Invented the Accused Products Independently—Under the Research of this Dissertation.....	148
Chapter 4: Radically-changing Standard of Permanent Injunction.....	151
4.1 Pre- <i>eBay</i> Era.....	151
4.1.1 Laws of Permanent Injunctions in the United States.....	151
4.1.2 General Rule adopted by the Federal Circuit.....	152
4.2 Decisive <i>eBay</i> Case.....	153
4.2.1 Background.....	153
4.2.2 The decision of The Supreme Court.....	155

4.2.3 The Second District Court's Decision.....	157
4.3 Recent Developments after <i>eBay</i>	159
4.3.1 Cases Granting a Permanent Injunction.....	159
4.3.2 Injunction Denied--“Creative Mechanisms” for the Cases Found Infringement but not Granted Permanent Injunctions.....	184
4.3.3 Review of the Four <i>eBay</i> Factors.....	202
4.4 Key Elements Considered by the Courts While Determining Permanent Injunction.....	214
4.4.1 Direct Competitors or Lack of Commercial Activity—Influencing on the Factors of Irreparable Harm, Adequacy of Damages and Balance of Hardship.....	214
4.4.2. Desire to License and Obtain Royalties—Influencing on the Factors of Irreparable Harm, Adequacy of Damages and Balance of Hardship.....	217
4.4.3 Business Model Patents—Influencing on the Public Interest Factor.....	218
4.4.4 Not Moved for a Preliminary Injunction—Influencing the Factor of Irreparable Harm.....	218
4.4.5 Patented Invention is only a Small Component of the Whole Accused Product—Influencing on the Factors of Adequacy of Damages and Balance of Hardship.....	219
4.4.6 Patent-in-Suit is almost Expired—Influencing on the Factor of Adequacy of Damages.....	220
4.4.7 The Defendant Invented the Accused Products Independently—Under the Research of this Dissertation.....	221
4.5 Influences on Non-Practicing Entities after <i>eBay</i>	222
4.5.1 Introduction to Non-Practicing Entities.....	222
4.5.2. Few Permanent Injunctions Granted to Non-Practicing Entities after <i>eBay</i>	224
4.5.3 Pure Trolls v. R&D-Based NPEs.....	225
4.5.4 The differential Considerations of Granting a Permanent Injunction between R&D-based NPEs and Pure Trolls.....	227
4.5.5. When NPEs Meet Independent Developers.....	230
Chapter 5: Applying Independent Invention Defense to Patent Injunction Proceedings.....	233
5.1 Historical Perspective: The Form and Strength of Patent Right are Drifting in Patent History.....	233
5.1.1 Patent Right was a “Monopoly of Sale” in Early Patent Law of the United Kingdoms.....	233
5.1.2 Patent Rights were Substantive “Rights to Manufacture, Sell, and Use” in Early Patent Laws.....	236
5.1.3 Patent Right Changed to “Right to Exclude” in the Last Half of 1900’s.....	247
5.1.4 Patent Right is Still the “Right to Exclude” under the Current Patent Laws but has been	

Weakened by <i>eBay</i>	250
5.1.5 Short Conclusions.....	251
5.2 Theoretical Perspective: Easily Granted Injunctions may be Harmful to the Progress of Useful Art and the Freedom to Speech.....	252
5.2.1 Easily Granted Injunction may be Harmful to the Progress of Useful Arts.....	252
5.2.2. Easily Granted Injunctions may be Harmful to the Freedom to Express.....	256
5.3 Empirical Perspective: The Wrongfully-enjoined Defendant is Generally Under-compensated.....	258
5.3.1 The Decision of Granting Preliminary Injunction is Fallible.....	258
5.3.2. The Wrongfully-enjoined Defendants are Generally Under-compensated.....	258
5.4 Economic Perspective: The Independent Invention Defense is a Win-win-win Policy.....	261
5.4.1. Independent Invention is a Waste in the Current Patent System.....	261
5.4.2 The Independent Invention Defense is a Win-win-win to Improve the Patent System.....	264
5.4.3 The Acceptance of Independent Invention Defense Will Provides a Better Position for an Independent Developer than a Free Rider.....	266
5.5 Considering Independent Invention in Adjudicating Injunctive Relief.....	269
5.5.1 Burden of Proving Independent Invention.....	269
5.5.2 Considering Independent Invention Defense in Adjudicating Motion for Preliminary Injunction.....	270
5.5.3 Considering Independent Invention Defense in Adjudicating Motion for Permanent Injunction.....	276
