Chapter 1

Table 1-1 Comparison between vacuum microelectronics and solid-state electronics.

Chapter 2

Table 2-1 Experimental parameters of CNTs synthesized with SiO on Fe as precursor.

Table 2-2 Summarized field-emission properties of CNTs synthesized with SiO on Fe as precursors.

Table 2-3 Experimental parameters of CNTs synthesized with SiO on Fe as precursor.

Table 2-4 Summarized field-emission properties of CNTs synthesized with SiO on Fe as precursors.

Chapter 6

Table 6-1 Field emission characteristics of CNTs under different conditions of plasma post-treatment.
