

## Case\_C

# Camouflage Inc.cubaor

光 子 育 成 中 心

Incubator的觀念起源於1959年。當時，美國為了推動地方中小企業發展、激發經濟活動、創造就業機會，所發展出來的觀念。Incubator有人稱為孵化器，建築上我們稱她為育成中心，這是一種隨時代需要而產生的新的program。

台灣也開始有類似的空間開始被建構，是一個符合台灣現今發展新型態空間。基地位在華山藝文中心。

## About Optoelectronics Industry

### >>> Case Study

- **Info-communications field**  
- Optical packet switch, Optical flip flop, Quantum cryptographic communications, etc.
- **Display/Lighting/Optical memory fields**  
- 3-D display, Sheet display, White LED, Molecular memory, etc.
- **Environment/Energy/Biotechnology fields**  
- Fiber nerve net, Photocatalysis, Solar power generation, Laser nuclear fusion, Optical cancer treatment, Optical CT, Optical agriculture, etc.
- **Nano-photonics/Fundamental technology fields**  
- Quantum dot, Photonic crystal, Nano optical processing/femtosecond laser processing, etc.
